PARTNER FOR INNOVATION IN THE TEXTILE AND CLOTHING INDUSTRY

We work hand-in-hand with textile and clothing industry stakeholders in NE Romania to help create a more collaborative innovative and sustainable environment.

Reginnova NE is a non-profit association dedicated to promoting innovation, and sustainable development, and providing support to the community of the textile sector of the Northeast Region of Romania.

Established in October 2016, Reginnova NE's main objective is to enhance the competitiveness of the regional fashion and garment manufacturing industry, while promoting its interests and capabilities at both national and European levels together with our partners.
